## **GHOST TOURS WITH A DIFFERENCE**

**The Australian College Of Mediumship Announces Their Ghost Tours With A Difference**

*See What Lies Beyond The Realm Of The Living At The Historic Berrima Courthouse*

**The next Ghost tour to Berrima Courthouse is coming up on Saturday 14th February 2009.**

Ever wondered what lies beyond the realm of the living? Well The Australian College of Mediumship are now running interactive Ghost tours designed to enable you to experience the afterlife first hand.

What makes these ghost tours different? Firstly, your tour guides are experienced psychic mediums from The Australian College of Mediumship, including founder Kerrie Wearing. Your guides will assist the tour participants to experience a real paranormal investigation. You'll have access to use of investigative equipment such as EMF's, you'll participate in setting up trigger objects and may even join in the Oujia board seance. You even learn a little about communicating with Spirit mediumistically and all the while your professional guides are on hand to assist and answer your questions.

So if you've ever watched such popular TV shows Most Haunted, Ghost Hunters, Paranormal State or Australia's own Paranormal Investigators then an ACOM Ghost tour could be the experience you need, so you can decide what lies beyond.....

For additional information on ACOM's Ghost tours, please contact Kerrie Wearing on 0416 070 141 or email [kerrie@psychicmedium.com.au](mailto:kerrie@psychicmedium.com.au)
